History

Proposal - 10 September

Draft Policy - 16 September 2021

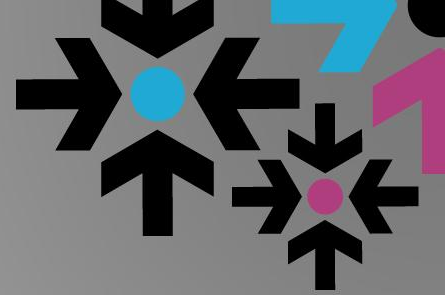

Not yet presented at an ARIN Meeting

Problem Statement

- Starting in Jan 1 2022, ISPs and end users will no longer have a distinction in terms of fees and both will be under RSA membership terms.
- There is existing policy language in the NRPM which references ISPs and end users separately.

Policy Statement

This policy aims to synchronize the NRPM in regards to the new 2022 fee schedule by consolidating instances where ISPs and End users have clear distinctions.

Author suggestion

- The AC/community may want to consider the word “resource holder” rather than organization in the new text

PPML Feedback

- Confusion regarding NRPM language adjustments (this policy) versus the schedule changes to the fee schedule (to which this aligns)
- One suggestion to also adjust language to include assignment.

Discussion
